Geek;Hacker;Entrepreneur;

Tembusu College; University Town,
NUS; 26 College Avenue East,
#21-156; Singapore 138597;

Contact

laurenceputra@gmail.com

A geek at heart, I love to play with new technologies to keep myself up to date with developments within the tech world. I specialise in getting things done, and making sure it doesn't break after.

A humanist and an entrepreneur, I believe that entrepreneurs, with the skills that we have, should be contributing more to creating value and pushing mankind forward, as opposed to simply earning more money by flipping startups.

Work History

Chalkboard Pte Ltd ([Link](#))

- Engineer (Contracted Consultant): **Aug 2011 - Present**
